

FSCA Newsletter

As hunting season has begun, I would like to wish everyone a safe and successful season. As most of you are aware, we are facing proposed rule changes with FWC that will impact the traditional use of vehicles in JW Corbett. I urge everyone to complete the survey and add comments in each box under each proposal, providing a brief description of why you are supporting or opposing each proposal. For obvious reasons, the board of FSCA is opposed to proposals limiting the use of vehicles off-road and off-trail for the purposes of hunting. These proposals will only negatively affect law-abiding users and will do nothing to stop the abuses by users who are already breaking the rules. We also oppose the removal of Camp O. This campsite is an exceptional location situated off the beaten path, much like camping used to be for hunters in Corbett. It is still used every season and is highly desirable to gladesmen who hunt this property. Please contact me or any board member if you have any questions about completing the survey. Thank you to everyone for your support and involvement.

Matt Nelson
President
